## SHORTS

**Ellie Noir**

**Perceptual Colour for Portrait Painting**

Following the success of Ellie Noir's 2019 Summer School Workshop we are thrilled that she has agreed to teach the very first of our Shorts. Through lectures and demonstrations Ellie will share tips and concepts from her studies in Paris. This 6-week x 3 hour course reviews and continues with the introduction of understanding light and colour in painting the portrait from life, in oils. Breaking down the major planes of the portrait, participants will create studies that allow them to develop skills in paint handling, composition and a deeper understanding of light and atmosphere.
